“ I was 15 when we (Uncle Anthony) first met & I used to party hard with you & think that you were so cool because you allowed me to be around you & your great friends (~20yrs old). It wasn't until recently, that I learned that you were one of the many bodyguards that my other uncle had ensured that stayed close to my side. From that day until now, we have maintained a positive & loving relationship & I thank God for that. You called often & was always positive about anything that you spoke about. Sometimes you just called to tell me that you loved me & say goodnight ... but you called. I will miss you & your positivity. I will miss your insightfulness & advise. Most of all, I will miss the smile that shined through every call, text, email, etc. No matter how bad your day was, you never let it mess up anyone else's day & you always found a way to make my day better. I will miss you in more ways than I can count, but feel so blessed to have had you in my life. My condolences to Uncle Anthony's entire family because you have truly lost a Great man. I wish you strength to make it through one day at a time. I hope that "God will be especially close, and that He will speak to your heart very clearly, and give you all the answers you need just now." God Bless you all.
