“ *Antonio you are truly missed. I'm so glad that I had meet you. I remember you coming in to get a job. There was something about you. You had this positive energy about you. Made me want to work harder to help you. You would call me up and say Ms. Jackie thank you so much. We became good friends. You called me looking for a second job and you can tell something was wrong. I told you about my son losing his best friend in a drowning. You have no idea how much that meant to me by talking to me. You were always so kind and caring. I remember you saying Ms. Jackie you are the sweetest white lady I ever meet and you care about me. We both laugh and I said I will always care about you. You're a great person. When I heard the news about you been gone. I want you to know I took it hard. I cried like I am now. I just don't understand. How can this happen to such a great person? I know this long but I need to write you this. You touched my life and wished I got to know you better. RIP. You are truly going to be missed.*
