“ *Its very hard at a time like this to say Im sorry when a special persons life has already passed. GOD is an awesome GOD and he will provide, heal, encourage, lift spirits and bless everyday. Destiny was a gift from GOD, more like an angel sent from above to touch lives like ours and many more. Destiny defines the inevitable or necessary fate to which a particular person or thing is destined. With all else said, Destiny was a blessing to her mom and dad, sisters and brothers and families near and far and her spirit will continue to bless and provide peace through a life time of happiness. May GOD always bless you John and Hope and know that our prayers are always with you. Remember, if GOD brought you to it, he will bring you through it. GOD Bless*

“ Hope, John, God knew what he was doing when he gave you both little Destiny. She was meant to be in your lives for only a short time but with God forever. She's at peace now. She will forever be watching over you both and her sisters and brothers. She is a blessing. God will give you both strength one day at a time, stay strong and he will see you through. Destiny loves you both and her sisters and brothers, now she is with the Angels in heaven.
