“ *I sometimes write words for a living and all of them fail to express being loved by, and loving, our Aunt Betty. There will be nothing like her reassuring voice, her hugs and her stories of our family and her life.*

Aunt Betty loved without interruption and made sure that we knew it. I will miss her calls that seemed like they were out of the blue but were really right on time to remind me of boundless love and family. Her passion for her work, family and community will always be a model. Her strength and determination through her health battles are an example of the will to live and love.

I'm so glad that we talked more this last year and that she helped me get the details right for an essay I wrote about our family. She was so happy that it is going to be published and I am deeply thankful that a bit of her will live on in that piece.

I can't and won't write about Aunt Betty without repeating the word "love" over and over because that is what she was.

Love.

She truly is one of the best of the best on the planet

There was Never Any Problems from the kids being detained in the Center as they were in Fear of her. She always got a laughed at that. Her smile would light up the room! We became friends, but only saw each other at the Soaring Eagle Casino in Mt. Pleasant, MI from time to time. “ When you're united into marriage you developed what's called oneness. Betty and you shared a very unique relationship true love that's everlasting. When it's true love she will continue to be that (angel) that will be your very first thought when you wake every morning. Also your very last thought before you retire for bed every night. We had an extended conversation Betty shared our stories of LOVE for our husbands. She was in the hospital in a coma and you never left Betty alone. Even though Betty was unaware you slept inside her hospital room the entire time until she recovered. We continued our extended conversation Ahmad when you realized I was raised in the housing projects. That's when our back story of life were combined. Your mom's name is Mattie Sanders and I know your grandparents. Do you know the Strother's I said yes then we talked about our oh so comfortable life back in the day. You asked if I would give you some pictures of my mom grandmother and the rest of my older family that has now passed over. I kept them in my purse until I saw Betty and you again you gave me a hug. I was so thankful to talk with a couple that's much like myself. Old school values we were taught to respect our elders. Everyone raised in the housing projects lived the same. Betty and You Shared a LOVE most people will never experience in a lifetime. Betty shared with me when we talked one on one I know for a fact that my husband truly Love's me. He's always been by my side hand in hand no matter what has transpired. It gave me hope because as of this day. GOD has placed the entire World on alert to let everyone know he's still in charge. The Antichrist was voted into the highest office in the land. It's created the natural order of life that we were raised with back in the day. When Ahmad captured the eyes of your beautiful wife. Your life long marriage is an example of love that your children and grandchildren and extended family. Can now lead by many examples of togetherness that's rare and oh so many beautiful loving memories. Thank you for sharing endless time with me and my husband. Love you both Shelley Sanders-Hill aka Jackie and Bobby Hill
