“ To my brothers Bronson and Mario, and my Mother may the Lord ease your minds and hearts through this difficult time. I will always remember Chuck telling me I walked you to school when you thought you were walking by yourself , it was like every time I saw him, i would be like OK Chuck cause he wasn't going to let me forget(LOL), We didn't always get along but as I got older i began to look at life a little different and understand things in a different light. Chuck was a man who stood on his own two feet!! He went over to Afghanistan to fight in the War which took a lot of heart and courage, and made it back safely. No matter what he did in life he always loved his sons and they loved him as well. Were going to miss you Chuck no more pain and suffering May you rest in Peace!!
