“ To the family of Sister Latimore, we are sending our deepest condolences; Sister Latimore, Sister Lottie and I shared some great times together; On many of our little travels, they would designate me as the driver and I would get us there safely and back and we had so much fun together; Her son and my children loved to hang out together; I will cherish those memories forever and I am certainly going to miss her dearly. We will keep the family lifted in prayer.

“ Tony, Ronnie, and Brad,
Words cannot express enough sympathy for you and all your family in the passing of your Mother, and my dear friend Katherine. I'm still in shock from this sad news and wish that it wasn't true. I truly thought the world of your mother and really enjoyed our time when we worked together at the hospital. I remember the first day I met her for she trained me and knew when we met we would become good friends. We had so many good times, and she was always, always a joy to be around. That contagious smile and laugh was always my 'sunshine' when I was around her. I am so sorry that I didn't get to talk to her one last time, for as I told Ronnie I truly had been meaning to call her for the last three weeks and kept getting sidetracked and therefore I missed my chance. Just goes to show how when you want to do something, you better do it then, for life is short and tomorrow is not promised! My prayers are with all of you as you get through this and with Katherine that she now is at peace and with Joe bringing sunshine and happiness to all the people in heaven til we meet again. Thanks for the wonderful memories!
