“ *My sweet and jazzy girlfriend. I'm going to definitely miss you and our many visits. I just keep thinking our last visit a couple of weeks ago. It was so different than any other and I still missed the signs. I am glad that we told each other I love you and gave each other a big hug. You said you at peace and tired and now you can get your rest. Although I have my moments, I'm happy to know that your in a much better place. Until we meet again my friend, you watch over your girlfriend down here. I love and miss you. ❤️*
