“ *Dang Courtney it seems like life is going too fast. It seems like you just recovered from the fire you were involved in but you were a soulja whatever the obstacles you fought back. Even though you weren't the best basketball player you still tried hard to beat us at the Boy's and Girls club and even though people said things about you because of your scars you stayed strong and lived your life to the fullest. I miss seeing you in the hallway at school always speaking "What Up! BigHen" and you'll give me a hand shake. You were a cool dude man. My Condolences goes out to your family even though you might know this you had a great boy. R.I.P. Courtney E. Davis 1990-2006. Miss You Man see you on the other side.*

“ Courtney, year by year you got bigger and bigger, but I always thought of you as my little buddy. I will miss the days when I would be in my postal jeep and you would sneak up and knock on my window. You always laughed at scaring me. Bye, my friend
