“ Its really hard to believe that your really gone. It's gonna be wierd coming home now and not seeing your come up those stairs. I guess it never really donned on me that you would not always be here. I know your in a better place now. They always said you were never really the same after daddy left. But at least now you two can be together again. I'm sure he missed you just as much as you missed him. I just want you to know that I love and I'm gonna miss you more than you will ever know. My silly uncle David always picking on me because I was chunky and darkI love you.
