“ Dearest Sharon and the rest of the family, I know this is the hardest time in ones life, no wants to bury their baby and it is very sad that something like this has happen to one of our most innocent children, a child that has done nothing to any one, a child that has not even had the chance to exprience the trials and tribulations of life. Like his mom said little Devin will never get the chance to walk across the stage to receive his diploma, he will never experience his chance at becoming someone successful. There is a chance that he will get that many will not and that is to be with his heavenly father. It's ok to be sad and grieve his homegoing but be happy to know that he is going to be alright, Little Devin is now out of harms way and don't have a thing to worry about. I did not make it to the services but did get a chance to view it live broadcast online there were a lot of things being said that we all need to take to heart and into consideration. We have to many children taking the lives of other children what is wrong what is really going on. Please sit your children down and have a serious talk with them. It's time to get these children in church they need to know God and what he stands for, so many of them are traveling down the wrong road because there are no guideance anymore. When I was growing up every adult was your mother and father. It was a must that you respected and obeyed all adults lets get back to that. To the Elliot family please be strong and all will prevail leave it all up to the lord and he will handle it.

“ *To the Family:
I was literally sickened when I heard about the murder of Devin. In fact, I was absolutely outraged! An innocent life was taken in such a heinous manner that it made me rethink about the death penalty. I am beginning to believe that Michigan needs it. Devin's life has ended too soon, and I think about all the things this sweet child should enjoy, such as playing with his friends, going to school, growing up to make you and the rest of us proud when he becomes a lawyer, or doctor, or the President of the United States. He will not be here to get married and present you with beautiful grandchildren. My heart goes out to you, Family, and I sincerely hope that justice will prevail. May God bless and keep you wrapped in His arms of love and protection during this time of sorrow.*

“ Our deepest sympathy goes out to you and your family for the loss you have suffered. It is at times like these we draw comfort from the promises of God's word. He promises in Isaiah 25:8 that he will swallow up death forever and he will wipe our tears from our eyes. In John 5:28,29 he promises the hope of the resurrection to those in his memory. It is our sincere hope that you and your family will look to the promises of God's word for comfort.

“ This is an outrage and everyone should take a stand because it does not make sence for children to have to pay for what the crazy unspeakable parents do and this is what it boils down to...One if not both of the parents has done something and someone took it out on the child and it is uncalled for and this is when we all should consider writing congress and getting the death sentence here in Michigan... I am beging to hate my own race and it is because some of us is some of the stupidest, uncoped, creatures that God put on earth and it hurt me to have to write this but I am being honest. Knowing that white people have issues also but, Come on WHEN IS THES CRAZY MESS GOING TO STOP! We most stand for something or we will always fall for anything. God Bless this Family knowing that you are in my every Prayer. I have children and I hate to see the day I will have to depart with my children or even grandchildren and my children are grown but, we never stop loving them. Know that God is in control and that I come to look at it as God is just plucking his flowers so he can get ready to come Back because, know he is comeing back for a church with out a spot of wrenckles. “ I just seen Sharon at Velma's funeral this month. I gave Sharon a big hug, I haven't seen her in a while. I met Sharon for the first time over Velma's apartment in the jets, after that I met Sharon's other family members. My heart goes out to her because I have also lost my only son due to him being shot by someone. I lost my son six years ago and he (Deshon) would of turn twentyseven last July, but god has blessed me with his little girl before he died. Sharon son will never have the a chance to see my son's age, because someone took his life. It sickens me to keep hearing about a child has been shot and I am so fed up of my black people killing each other. When we start loving ourself only then this black on black crime is going to stop. I have been fighting for answers and justice for my son's death. I have been kicked out of places beacuse I want the truth about what really happen to my son. I have been fighting all by myself for justice and when one door close another door was open for me and god took over the rest. We people have to fight the right way if you want justice for your love ones. Please don't do a (Eye for a Eye). I still want answers about why my son was left on the ground over a hour after he was shot, why the EMT was allegedly station on the other side of the complex while my son was laying on the ground bleeding eternally while the police allegedly stood over him and did nothing to try to save my son's life, why my son condition called into EMT p3-non-emergency while my son was still alert and breathing and why it took so long for my son to reach the hospital. . and why no one has been arrested for my son death? Thank god the State Police showed up to help my son, but sadly my son died later on in the hospital. I still feel that, had my son was taken to the hospital he may of lived. God has answered my prayers, The State Police has my son's homicide case. This is way you have to fight for your love ones. Why is it that people higher up want to march for crime to stop when someone have been shot, but when I tried to get answers from some of these people, no one wanted to march for my son or help me or anyone else family. I was kicked out of some of these people office. Why aren't they marching before someone is shot, Also I would like to know where is the spot checkers and aren't there suspose to be placed in the high crime

areas? Crime is just not on the Eastside, Northside and Southside. Crime is also on the Westside, and in the Township. But it may be never mention in certain areas. Crime is every where. Spot checkers should be every where in Saginaw. I say to the Lady in Detroit MI. I also was born in your city and I came to Saginaw when I was a little girl. Please don't hate your own race and please don't blame the people in the home where the little boy had died in, blame the people or person who did the shooting. The home owner was shot also and died and his friend girl also was shot. The little boy's mother maybe blaming herself for her son's death. Sharon have enough on her plate, after all she is still a mother who lost her son to a act of crime and she have to come to deal with that. And also the the other family of the home owner and the young lady have to also deal with the fact that they love ones was shot and the other one died. So I ask you to pray for them and keep praying for our race to stop killing each other. I pray for Justice and peace. (MY BLACK PEOPLE, PUT THE GUNS DOWN AND LOVE EACH OTHER. PUT GOD IN YOUR LIFE) RIP Devin. He has his wings to fly into heaven. One more angel has been added to gods list. Love Vern. May god be with you Sharon.
