“ *I worked in BV with Diana for many years and she became a good friend of mine. We had a lot of fun together. She would make some good tacos. She worked on the islands for some years and we reconnected when she came back and she told me that she had coped. I would watch her getting out of breath and taking treatments but she kept going she didn't let it hold her back and her puppy made her very happy and she spoiled him. When I seen him he was so small and cute. To the FAMILY, TRENT my prayers are with you and family. God will give you strength. If I can help in anyway please don't hesitate to let me know.*
