“ I have just found out about the passing of Dr. Foster. She was my doctor for my last two children and was an amazing spirt that I'll never forget. My son Aiden was born with a lot of health issues and even though she didn't deliver him (Dr. Perez did) she made sure as soon as she arrived at the hospital after his birth I was the first person she saw. Ill never forget going into the office the last few months of my pregnancies and complaining about how tired I was of being pregnant and her always joking with me on how I should be a pro by now! (I have 5 children) she was always so considerate to my concerns and needs and did everything she could to accommodate what I wanted in my care. May she rest in peace.

“ Our family has just found out about Dr Fosters passing. We are truely sorry for your loss. She is an amazing person and Dr. She delivered my boy Uriah. He was my fourth baby and we were expecting a smooth delivery. He was anything but smooth but Dr Foster was wonderful and compassionate throughout the whole delivery. After 24 hrs of very little progress, I told her something was wrong and felt I was ready to have a c section. She believed me and quickly got me to surgery. Come to find out after opening me up, he had turned around and was sunny side up i believe she called it. He was looking at her when she pulled him out of me. All 9lb 5oz of him. I firmly believe God purposefully made her my dr. She saved me and my babys life. I am so grateful. May God continue to poor out his grace for your family and know her life held great purpose and her smile will never be forgotten. Bless you guys
