“ Wow took me a while to get to this point...still seems unreal, bae looking back at how everything unfolded in my heart of hearts I believe you knew...you refused help on too many occasions saying you were okay until it was too late the things you shared with me now all made sense I don't believe ppl really understood the bond we shared ...you can be asleep snoring to the high heavens I lock up and leave 3 mins later you calling me bae where you at? 😊...i will never forget the times we stayed up laughing dancing and karaoke all night or snuggled watching tv cooking, or playing cards i even had you fixed on looking at the stars seems everyone knew the party Eddie but I knew the Eddie who let his thick guard down who shared his most vulnerable self and deepest secrets...the most caring sweet, loving, life of the party and yes stubborn, strong willed king I've ever known...even facing death you stood strong your last words were move Felicia I got it 😞 during your last days I seen you raise your hands as if surrendering in prayer we serve a merciful God so I pray you've Gained your wings as I watched you take your last breaths it felt like a part of me died also... Bond broken through death only..thank you for the journey NEVER thought it would end like thislove you bae rest on until I see you again 🥺🥺🙏

“ *Eddie dropped me as a baby and he always brought it up whenever he saw me and I was no more then two years old when he said it happened on a bike ride when I was with big cuz. No matter what Eddie always showed up or found where I was at if I came home and when I moved back to Saginaw he was the first person to check on me as he always did all my life. I was very close to cuz and he'll always be missed by me and everyone else in our huge family. Rest in heaven with the best of them big cousin big love forever Boo*
