“ We will miss you so much. We find our selves looking out the window for you a thousand times a day. You were one of the very few people in our community that we got to know and like so much, because of the turn over of all the others in the neighborhood, they came and went, but you and I stayed, and got to become friends who could always depend on the support of each other. Thank you for your great friendship and wonderful smile, you will be dearly missed. Your son's seem to be as nice as you, so it must come from watching you and your leadership to them. I do not know the childern in your family very well, but the short aquaintence I have had with them has been pleasant, and I am sorry that I did not get to meet them a long time ago. Be At Peace My Friend as you await the return of our Lord and Savior. We will meet again at the Right Hand of God. "See You Over There, save a place for us." Your friends: John and Irma
