“ *Family: I am sadden to hear of our dear cousins death. She will be greatly missed. I have the fondest memories of her from the times her and mom spent together fussing, talking trash, playing cards, and just loving each other. It means a lot to me that she was able to spend some final moments with mom before her death. She was and always be a part of the “village” that raised me. I am saddened that I cannot be there for you but know that I am there in spirit. Much love, your cousin, Blake*

“ *In adoration and honor of my recently ascended mother in law, when I first came to Michigan, new to the family and new mother, my daughter - either from traveling and moving to a different time zone or just because babies do- seemed to have her "days and nights mixed up"- so . Gerry came to my sister's house and put Mozelle on the bed and pulled her by her feet kind of around in a circle. She maybe did this a couple times, some old Indian stuff. I'm not just sorrowful for the comfort that I'll miss that she gave me, but the stories and information and history that I wont be able to milk her for and relish in hearing. So selfish for mourning what I've lost in her, so RICH for the LIFE THAT SHE HAS LEFT ME WITH!!!*

*In Honored and Loving Memory.
