“ *The day Heather was born I couldn't wait to see if I was having the girl I wanted so bad...the Dr.walked in the delivery room with a temporary cast on his arm cause he fell on the golf course that morning...I asked him if he was going to be able to catch my baby and he reassured me he could as he was Unwtapping his cast. Sure enough he caught her and then put her up by my head while they finished up down thereand she turn her her beautiful little head toward me and stared at me and kept blinking like she recognized me. I thought she was the most beautiful baby in the whole world. She was the most well behaved and quiet little baby. She was ways content.*

“ I remember when Heather, Niki, Dorothy and myself were in the elevator at the hospital visiting My Mom and somebody pooped in the elevator we got in. It was horrible. Dorothy ended up being the one that stepped in poop. We laughed so hard. It was a funny memory.
