“ To my baby sister, I’m so sorry you had to go through this I can’t imagine how you feel but I’m just devastated. I hate to see any of the ones I love hurt. I’m so lost for words and horrible at expressing my feelings but I want you to know a few things first god make no mistakes! Secondly I love you to the moon and back! Third as hard as it may seem just know that it’s gone be alright! I’m here for you and not going nowhere! To my nephew I wish I had a chance to meet you but god had other plans and one day we will meet, for now you in good hands and I’m just knowing your surrounded with nothing but love many aunts and uncles to look after you but I’m sure between grandma Martha, grandpa Matt and your grandpa Moses, uncle Vett, uncle Ray, TT Cella, TT Glorious, and TT Peaches boy you got a village to look after you. Although we never met I love you and forever will! Rest up Lil guy!
