“ I am having a hard time with this. I can never not remember him being there for me. P-Funk you called me. Juicehead I called you. I smile when I think about being in the delivery room with you and Lu. I laugh when you visited me on campus and even just popping into Lansing to say hey after graduation. The big hug you gave me when mom passed and you smiled and said you get this P.

Today I have tears. I will miss you. Distance never kept us apart because we carried each other in our hearts.

To the family, we will get through this. One moment at a time. One tear and one laugh. When you think of him all we can do is smile. I can say so much but that is between him, me and God.

Just know so many were blessed to have him in their lives.

Rest well big bro.

Love you forever.

“ Kenny was my classmate and dear friend. He was a kind and thoughtful soul. He had a keen sense of humor and a smile that could light up any room. He always had something kind and uplifting to say and his presence brought joy to those around him. We remained connected through social media and I cherished those moments of friendship. My heartfelt prayers go out to his family during this difficult time. May God grant them strength, comfort, and healing today and in the days to come.
