“ So one of my fondest memories was helping Lori move!! OMG did we have some laughs. Even under all that stress she had her sense of humor pull her threw. You'll be missed Lori greatly. Be with the angels now. Love Doletha Ireland

“ Lori and I were super close as kids and all thru school. We were at each other's homes most weekends and she shared her grandparents with me since I didn't have my own. I have so many good memories of those years. In recent years we kept in touch by phone and then by Facebook. She has had many health issues the past 20 years and then cancer too. I am sad she is gone but hopefully she is back with grandma and grandpa now. Until we meet again, my friend...I love you.

“ I was 12 years old when Lori was born and I was blessed with my first niece. One of my early memories of her was watching her at 18 mos. old rocking back and forth to the rhythm of the song *THE BIRDS AND THE BEES*. " Let me tell you about the birds and the bees and the flowers and the trees and the moon up above and a thing called love".

Sweet little Lori came to live at her Grandma and Grampa Spotts' home at a very young age. Growing up she loved playing with "our" Barbie dolls and all of "our" stuffed animals.

I did Lori's hair and made her dress for my marriage to Uncle Luke.

Lori was our sweet and very shy flower girl.

Lori will always hold a special place in my heart.

Love, Aunt Paula

*She's four years older than I am. she was my best friend before I had a best friend. i told her this day before she passed away. we used to take her home to her grandma's I would look out the back window when we drove away. i was soo heartbroken then also I cried when we dropped her off. broke my heart. This just don't seem real. I want to see her it will be so long before I see her again. zi told her I loved her that day over and over .I pointed to myself meaning my heart and to her I said your in my heart I'm in yours. I pray that we all get comforted she was always smiling happy. We stayed up when we were little to watch the sunrise. she taught me that lol. she would race me to the mail box in the snow but she was soouch taller than I was she knew she would beat me there lol yeah she called me dummy. we got bunk beds and she would stick her feat down low and try to make me smell her feet. And if she told me a secret she told me not to tell mom or she won't be my sister noore so I had to keep secrets at 12. I think I spent one night with her at her grandparents home I felt Soo happy and lucky then. shr had everything that I don't have toys Barbies lol. she did give me her hand me downs she was in with the times with her clothes so I had stylish things. well I'm gonna miss her laugh smile etc.*
