“*Mary, I will always remeber the love you shared with my brother and I. We were not blood family, however you made me feel like I was one of your nieces..Until this day I still talk about how I looked forward to coming to your home after school everyday. On Friday nights I dont know if you knew how much I enjoyed cuddling up with you, Jeremy, Chris, Sharifa and Jameel to watch all the tv shows that came on TGIF..I will never forget how all of us would get under the covers with you on one couch to watch tv. That made me feel so at home! That memory along with many others will stay with me forever..I love you for that..*

Love, Andrea

“*Mary was a beautiful spirit open to God's spirit and always hopeful that she was in God's hands whatever the outcome of her chemo and radiation treatments. We will continue to be inspired by her and to give thanks for the pleasure of knowing her. Our hearts go out to her family, especially to Jerry, who was a great support to his mother and a testimony to her caring spirit. Blessing to all of you.*

“ I will never forget how you rocked Jeremy and I until we were old enough to rock you! Everyday after school. You are and always will be a beautiful woman. Your spirit lives inside each and every person you have touched. I wish the world could know how much you mean to your friends and family. You loved and because of that, you are loved. I LOVE YOU SO MUCH, and words can not express how much I am going to miss MY MARY.
