“ You will be missed here on earth. I treasure the last time I seen you. The hug you gave me was one of the best hugs I have ever had from anyone. I know what you have told me and I will carry that forever in my heart. I love you Pat and I will miss you here on earth. I will see you at heavens gate when it is my time. Kelly Wasmiller thank you for sharing your mother with me . we know how wonderful of a person she truly was. Now we both have a guardian angel to share. As I know she will be watching over us. I love you mama Pat

“ Dear Mom, even though I've said so many other words of unconditional love in the past that you never got a chance to hear because you were torn apart from me by man-made decisions and doctrines. You are the woman who carried me under your heart and raised me to be the strong woman that I have become today. Holding your hands and telling you I loved brings me comfort because I was not letting you leave me without you hearing those words. Man may tear apart a family, but only God above knows the heart. I never lost you and you never lost me and I will take that with me for the rest of my days on earth. Others will have to live with the fact that they didn't allow you to experience the love of your entire family. You will forever live with me and inside my heart as I grew under your heart for 9 months. Just like dad I will always love our family. I love you Mom!❤️
