“ The most powerful words I can say is I Love You Phyllis, you made a difference in my life, you helped me through the roughest times of my life, even though you were dealing with your own burdens and things you made sure you were there for me and my kids, when I wanted to give up and throw in the towel you made me see there was no giving up, your strength brought me through, you and my mother were close not like sisters you were sisters and you are always going to be my other mother. I am going to miss you and I will never forget you, I will go on you showed me how to be strong and keep my head up through the roughest times. I know your looking down on me and all the family smiling, you made a change in my life and I am blessed to have had the time to spend with you. To Shiela, Milton and the rest of the family I Love you all and I will continue to pray everything will be alright and we will see her again.

“ My condolences go out to the family of my good friend Phyllis K. Poole-Goss. She fought for seven years, and Yah decided it was time for her to rest. We haven't spoken for years, but about a year ago, she contacted me, and our friendship grew with each passing day. I'm so thankful for those moments, & grateful for the time that I was able to spend with her in Saginaw this summer. I will celebrate her life and cherish the many funny conversations we've had! Rest in peace my girl! We love you!

“ My dear friend Phyllis, may God grant you a peaceful journey. You have been such an inspiration with your strength and spirit. I remember the last time we spoke, you were in such pain but you still managed to laugh and joke and show the strength of spirit that I will always remember you for. Job well done, my classmate and friend, we will see each other again.
