“ Aunt Claretha I am sorry for the lost of Regina. During the Saginaw Reunio, I ask about everybody including you. I seen your nephew there and he told me some were staying in Bay City. I was shock when I heard about Regina death. Auntee I was not in the State of Michigan when the funeral was. I was on vacation. You know I would have been there for you. I hope you read this. Even thought your nieces and nephews are not my cousin biological, because you and my Uncle Henry adopted your sister's kids, I still consider them my family. You will always be that special lady who care for so many people and the love come right back to you double. I love you Auntee.
