2025 is a personal year. You were one of them.
You bring unnecessary drama. In pain, you show that respect, I believe myself. You direct my peace. I think about. You understand my growth. I know the distance. You cross boundaries. I see you.
This year is all about protecting my family. Knowing as my job, and surrounding myself with positive people.

“ Sorry for the loss of your mom. She was such a sweet kind person. Praying for all of you.

“ To my loving and caring mom, I LOVE YOU so much that it's hard for me to put into words how much I will miss you. You taught us what courage and strength looks like, so that we would be able handle difficult times like this. You showed us what REAL love is and how to share that love with family and friends. I will miss those times when you came and stayed with me for weeks at a time and we would go and do your favorite thing to do... dance. I loved watching you enjoy life to it's fullest and how instantly my friends took to you and start calling you momma. Shirley Riley you most definitely was a rare jewel and will be missed by many. I love you momma with ALL MY HEART why? because I get it from my momma

My mom was a sweetheart, the neighbor mom she loved on all our friends and cousins like they were her own children. I couldn't have asked for a better mother.
