“ To the family and friends of Tamarus Darby:
I would like to say that I am very sorry for the pain that this tragic incident has caused you to go through, but Tamarus was a very good friend of mine. He will be remembered and missed truly. Just remember that he is in a better place now watching down over all of us. You will remain in my prayers.

“ I just wanted to send my love to the family of Tamarus. Even though he is truly going to be missed more than he is now, we now know that he is in a much better place. Many are wondering "why Peso he was so young", but we must remember that God doesn't make mistakes and he just needed another angel under his wing who he can soon grant wings to and send to smile down on us! To his precious daughter may God keep blessing you and don't worry your daddy is in a better place. They say all things happen for a reason but some things just shouldn't happen and we can't ever except the fact that another love one has been taken from us and it hurts most knowing that you nor I will never be able to see or talk to Tamarus in this life. So until we see him again let's not regret his life, let's celebrate his life and remember all of the good times that you may have shared with him because I know he always kept me laughing. :) In closing I just want to say to Peso that " I'll never forget you and I'll always think of you as the boy that use to live down the street from me in BV before we got grown, and always remember that I'll always be thinking of you no matter what". I love you and until we are reunited I will always miss you.

“ Tamarus my friend, you always made me laugh and kept a smile on my face. I just can't believe it was your time to go. But I guess god knew what he was doing when he called you home that night. To Tamarus's mother I know that you are sad because your baby boy is now gone, but I just want to let you know that God will never put more on you than he knows you can handle. I will keep you in my prayers and keep god first in your life in this time of need.

Hey Tee remeber when we first met. You ask me to take you to Mcdonalds. It was just so funny to me the way you asked me. But we went and we rode for some time and hung out after school. I'm going to miss those times talking to you and teasing you about being the same height as me.but I know that I will never forget you and the times we shared at the Hill. I will see you when its my turn to go home. Love you always

“ To the family I can only think of the fun times that I shared with Tamarus. Like when me, him, LaToya was in Mr.Christ math class and he would come in every morning and copy the homework form the night before. I can say some many things but what I really want to say is to the family remeber the Good times. Make sure that he is not forgotten for so many reasons his Children. Yours Truly

“ To the family and friends of
Tamarus Darby
May god guide you in your time of sorrow.
It is very sad that this young man wont
see another tomorrow.
It seems unfair that he is not here but
it was time to go home.
When you think of him smile in his memory for he is not alone.
He is with our father watching us as we
live out our days.
Praying for his earthly friends hoping they change there ways.
we all go through trials and tribulations
thats what makes us stronger.
I just want to say to the young people
honor your mother & father, be a friend to each other & your days on
earth will
be longer.

“ I am so sorry you had to go through this. Things happen to the best of us. I was surprised of this terrible incident. Cuz, I will be there for you and the rest of the Darby family. Mat, you know you and I shares a bon with either other every since we were kids. When you hurt, I am feeling you in so many different ways. I still have my three boys and believe me, it is hard trying to raises boys. I tries hard to keep my boys from the system and for some odd reasons, boys will be boys. In our eyes, our boys are good even when they are not. I will always say this, Tamarus was a very respectful young man to me. But you and I must understand, we have to let them go at a certain age. If you look at our mothers in our family, the boys are our pride and joy. The doors are always open to come in and out. If they are hungry, they know we will feed them. I try to keep money in my kids pocket so they won't have to steal or borrow money from nobody. Keep Mathew under your wings as long as you can. I will help you as much as I can. Saginaw is taking our young men for no apparent reason. I would like for my family to leave Saginaw and start a new life. I hope you get a chance to read this tribute. I love you and my little cousins.
