“ I will truly miss BJ. We worked together for 15 years at the Civic Center. Back in the day it use to be one big family in the Civic Center. I will never forget when Rodeo came to the Civic Center and someone forgot to lock the Arena Floor over night and the Bulls got out and walked the concourse all night and did number 2 around the concourse. Unfortunately, Labor Crew had to clean up the mess before doors were scheduled to open. BJ supervised the Labor Crew at the time. I was Event Supervisor at the time. Therefore, we had to work as one in that building in order to make things run. If you have ever heard of Murphy's Law-you best to believe it is true, especially while working inside the Civic Center.
