“ *Mattie you and "Willie T" have been more than just friends to our family. How I remember the parties that you and Willie would come to that my parents had. You both were the life of the party. Oh and do I ever remember "Tax Time" Willie and mom and dad and all those hundreds of papers on the table. Willie staying for hours but getting the job done. I remember when I started to work and he would do my taxes, (that wa easy!). He always could count on a good home cooked meal at tax time. Giving me advice about college and helping me and many others get money for college was one thing I'll never forget. Education was important to Willie whether you were young or old especially if you were a minority. He will be greatly missed by many. We love you and our prayers for your strength during this time go with are with you and your family.*

“ *Mattie,
Our prayers are with you in your time of lose. We loved Willie, but God loved him best. We will miss his great sense of humor, the way he could make you laugh no matter how down you were. The words of encouragement he gave when you felt like giving up on school.*

“ I am sorry to hear of the loss of Mr. Thompson. He was a great leader, who was active in the community and at Delta College. When Mr. Thompson was at Delta College Ricker Center you could feel his presence. Saginaw has lost a great leader. His legacy he has left speaks valiantly. Even though I have known him for a couple of years, he has left a big impression on my life. My prayers go out to his wife and sons. He will be truly missed.

Warmly,
Ms. Detra Porchia

“ Willie was a kind and considerate individual who always had a smile on his face. I saw him just before he left campus for his long weekend in the north country and he hugged me to welcome me back home to campus after being located off-site for nearly 9 years. It was so nice to see him and visit with him for those few moments. I'll treasure that meeting. One never knows when our Lord will choose to have us return to him - I just know Willie is surly looking down on all of us with his big smile, letting us know he is pain-free and home. I'll miss him.

“ I was one of the coaches when Delta won the National Championship in softball in 1999. Delta College athletics would not be around today if it were not for the support that Mr. Thompson gave it. Winning this championship was one of the highlights of my life, as well as numerous players and their loved ones. It would not have happened without Mr. Thompson! We will miss his encouragement and love on campus, but we will never forget the man who assisted in making it happen! Thanks for everything Mr. Thompson, it was greatly appreciated!!

“ I am so sorry for your loss Mrs. Mattie, Eric, Jason and other family members. Mr. T (what would always call him) was a man of stature and advisor to me being an employee, single mother and student. He would always tell me to keep my head up and he would tell me also "Hang in there sister". I am going to miss him so very much. I will do as he always told me to "Keep my head up". Take you rest Mr. "T". We loved you but God loved you best. Mrs. Mattie and family - you all are in my prayers.

“ My thoughts and prayers are with the Thompson family and friends. Willie was an admired administrator and also a dear friend who will be missed very much. We shared a wonderful friendship. He was always so busy but somehow he managed to fit me in his busy schedule and made time to listen to my stories of what was going on in my life with my family, education, and goals. He too enjoyed sharing stories with me about his wife their out-of-country trips, experiences with his son's when they were growing up and how he used to be a AAU basketball coach and stories about his grandchildren. He inspired me to accomplish my goals no matter what it took. We laughed a-lot and I really loved him for his open attitude and compassionate responses. I am so glad that I had the opportunity to have a friendship with such a great person. I will hold my memories of Willie close to my heart. May God Bless your Wife, Son's, Grandchildren & Family with inner peace, comfort and strength during this time.

“ I'm sorry to hear about the loss of willie. We went to high school together and graduated the same year. He was such a good person. Not only in school but in the saginaw community also. I lost my husband in March of 2001 so I know what it is like to lose a family member. My thoughts and prayers are with the family and friends.

Sincerly.

“ *We. extend our depest sympathy to you in the death of your loved one, Willie. We are so thankful for the precious memories of the time that we had with Willie and Mattie. We know that the silver cord has been broken, but Jesus, our Friend, will comfort you and bear all of your burdens. God promised to never leave us or forsake us and we know he is faithful.*

*May tender memories soften your grief,
May his recollection bring relief
May you find comfort and peace in the thought
of knowing your loved one brought.
For time and space can never divide
Or keep your loved one from your side
When memory paints in colors true
The happy hours that belonged to you.*

May the peace of God which passeth all undersanding, keep your heart and mind through Jesus Christ, Our Lord.

“ Bro. Thompson has played an very important part in my life. He knew me before I knew myself. I use to wonder as a kid who was that tall black man. As I got older my grandparents (Deacon and Mother Price) would take me with them over to his parents house to get some greens out of their garden. When Deacon Thompson became sick and Bro. Thompson would bring him to church, he always would sit in front of me. I enjoyed talking with the both of them. They made me feel like I was a beautiful young black lady who could do anything I put my mind to as long as I put God first. When I graduated from school, I had no idea where I was going to college. Bro. Thompson helped me to register for Delta and some what held my hand my first semester. I than decided to take his class. Boy did I enjoy that. Reginald Williams II and I became the subject of alot of his examples in class because he knew us both from kids in church. Wherever I would see Bro. Thompson he would ALWAYS have a BIG smile on his face with his hand extended to greet me "Hello sister." When I graduated this past April, I talked to Bro. Thompson for the last time. He told me he was proud of me for hanging in there. There were a lot of times I called myself quitting but I would receive encouraging words from people like Bro. Thompson. I have been working in the education field for about three years now and I hope that my influence is as great as Bro. Thompson. Not only did he care about our mind but also our spiritual side as well. Sis. Thompson and family, my family, the Price family will continue to keep you in our prayers. May God bless you in your time of sorrow.

“ I would like to extend my condolences to the family of Mr. Willie E. Thompson. He was one of my favorite teachers, because he knew how to keep my attention, and he made the class interesting and fun. He treated all of his students like people, instead of just a number, which is very rare in college. It was the only class I took that had a potluck the last day of class. I really enjoyed tasting all the different foods and the fellowship. I did a term paper on the "Effects of Aging", and I enjoyed reading his comments and questions in the margins. It made me feel that he really enjoyed reading it, and that he cared enough to comment on it.

Everyone could tell that he cherished his family, and how he loved being involved in the community. He took the opportunity to encourage all of us to be committed, and to get involved, to make differences in every life we touch. I remember him talking about how his wife Mattie liked to read, and how very important reading was. He wanted everyone to succeed, and he put forth every effort to help you if you had difficulties. He was a man of integrity and respect. He will truly be missed by all that knew him.

My deepest sympathy,
